## Keep your pet's memory alive at Springdale

Peaceful. Quiet. And surrounded by the beauty of the great outdoors. Whispering Woods pet cemetery is the perfect place to memorialize your four-legged family member.

Located in the heart of Peoria, in a section of Historic Springdale Cemetery reserved solely for pets, Whispering Woods serves as the final resting place for animals of all kinds, including Boomer and Leah, the magnificent lions who called the Peoria Zoo home for many years. Every pet is treated with great respect — and those who love them find great solace in visiting this tranquil, park-like setting time and time again.
